

**Day 2, 30th Nov  
Hall A**

**0800-1000: Semi-Live Operative Workshop – Young Brigade**  
(REZUM, UroLIFT, ECIRS, FANS-RIRS)  
Convener – **Dr Sumit Gahlawat/Dr Shailender Goel**

|    | <b>Oration</b>             | <b>Presenter</b>                   | <b>Time</b> | <b>Chairpersons</b>  |
|----|----------------------------|------------------------------------|-------------|--|
| 1. | SLOW 1 – REZUM             | Dr Rohit Dadhwal                   | 30 min      | Dr Sanjay Kumar, Dr Anil Jain, Dr Rohit Kaushal, Dr Sumit More, Dr Sailesh Chandra Sahay |
| 2. | SLOW 2 – UroLIFT           | Dr Tanuj Paul Bhatia               | 30 min      |  |
| 3. | SLOW 3 – ECIRS             | Dr Aditya Prakash Sharma (Lucknow) | 30 min      | Dr VK Mishra, Dr SK Pal, Dr Upwan Chauhan, Dr Arif Hamid, Dr Sudheer Kumar Devana        |
| 4. | SLOW 4 – FANS suction RIRS | Dr Parimal Gharia                  | 30 min      |  |

**1000-1040: NZUSI Orations**

|    | <b>Oration</b>  | <b>Presenter</b> | <b>Time</b> | <b>Chairpersons</b>          |
|----|---|------------------|-------------|------------------------------|
| 1. | Dr PN Kataria Memorial Oration: Changing scenario of Urology in India – either side of Millennium | Dr Amlesh Seth   | 20 min      | Dr PP Singh, Dr Rishi Nayyar |
| 2. | Marudhara Jodhpur Trust Oration: Urethroplasty – Evolving science and art                         | Dr Anil Goyal    | 20 min      | Dr PP Singh, Dr Rishi Nayyar |

**1040-1120: Keynote Invited Talks**

|    | <b>Invited Talk</b>                            | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>  |
|----|--|---------------------|-------------|--|
| 1. | Robotic prostatectomy - third decade           | Dr Vipul Patel, USA | 20 min      | Dr Rajeev Kumar, Dr Sudhir Rawal, Dr Uttam Mete, Dr Dharmendra Agarwal, Dr Uday Pratap Singh |
| 2. | Emerging treatment for NMIBC beyond convention | Dr Sam S Chang, USA | 20 min      |  |

**1120-1400: Oncology session: (160min)**

Convener – **Dr Ravi Mohan Mavuduru/ Dr Brusabhanu Nayak**

**Bladder Cancer:**

|    | <b>Talk / Debate / Panel Discussion</b>         | <b>Presenter</b>     | <b>Time</b> | <b>Chairpersons/Panelists</b>  |
|----|---|----------------------|-------------|--|
| 1. | Guideline update                                | Dr Joy N Chakraborty | 8+2 min     | Dr Ajay Sharma, Dr Uttam Mete, Dr Aneesh Srivastava, Dr Rajiv Yadav, Dr Sameer Trivedi |
| 2. | Panel Discussion                                | Dr Brusabhanu Nayak  | 25 min      |  |
|    | Open discussion and Q & A from audience - 5 min |                      |             |  |

**Prostate Cancer:**

|    | <b>Talk / Debate / Panel Discussion</b>  | <b>Presenter</b>        | <b>Time</b> | <b>Chairpersons</b>   |
|----|--|-------------------------|-------------|---|
| 1. | Guideline update   | Dr Tushar Aditya Narain | 8+2 min     | Dr N P Gupta, Rajesh Taneja, Dr C Mallikarjun, Dr Anshuman Agarwal, Dr Ashish Sabharwal |
|    | Panel Discussion: Case scenarios   |                         |             |   |
| 2. | Case scenario 1: Biochemical failure after Radical Local Treatment                                     |                         |             |   |
|    |  | Dr Gopal Sharma         | 12 min      |   |
| 3. | Case scenario 2: Oligometastatic prostate cancer   | Dr Girdhar Bora         | 12 min      |   |
| 4. | Case scenario 3: Metastatic hormone sensitive prostate cancer, importance of right choice and sequence | Dr Uday Pratap Singh    | 12 min      |   |
| 5. | Salvage of radiotherapy failures in prostate cancer  | Dr Jiten Jaipuria       | 8+2 min     |   |
|    | Open discussion and Q & A from audience - 5 min  |                         |             |   |

**Kidney Cancer:**

|    | Talk / Debate / Panel Discussion                    | Presenter                    | Time    | Chairpersons   |
|----|---|------------------------------|---------|--|
| 1. | Guideline update                                    | Dr Sridhar P                 | 8+2 min | Dr Amllesh Seth, Dr Anup Gupta, Dr Samir Khanna, Dr Rajinder Yadav, Dr Pankaj Wadhwa |
| 2. | Bilateral renal masses: how to approach             | Dr Ravi Mohan Mavuduru       | 8+2 min |  |
| 3. | Is there a role of down staging before surgery?     | Dr Amitabh Singh             | 8+2 min |  |
| 4. | How to choose between the various ablative options? | Dr Gautam Ram Chaudhary      | 8+2 min |  |
| 5. | Panel Discussion: Case scenario                     | Dr Sarbartha Kumar Pratihari | 15 min  |  |

**1400-1500: Lunch****1500-1600: Ca Penis Update (60 min)**Convener: **Dr HS Pahwa / Dr Himanshu Pandey**

|    | Talk / Debate / Panel Discussion | Presenter            | Time    | Chairpersons   |
|----|----------------------------------|----------------------|---------|--|
| 1. | Guideline update                 | Dr Suresh Goyal      | 8+2 min | Dr Manav Suryavanshi, Dr Gautam Ram Chaudhary, Dr Sailesh Shah, Dr SV Kotwal, Dr Ishwar Ram Dhayal |
| 2. | Debate: ILND – cN0 Groin         |                      |         |  |
| 3. | DSLNB                            | Dr Uday Pratap Singh | 8+2 min | Dr Santosh Kumar (Chandigarh), Dr PB Singh, Dr Swarnendu Mandal, Dr HS Pahwa, Dr Prashant Singh    |
| 4. | SILND/MILND                      | Dr Amitabh Singh     | 8+2 min |  |
|    | Panel Discussion: Case scenario  | Dr Anil Mandhani     | 30 min  |  |

**1600-1715: Teacher's / Student's Forum (75 min)**Convener – **Dr Sameer Trivedi**

|  | Talk / Debate / Panel Discussion                           | Presenter         | Time   | Chairpersons   |
|--|--|-------------------|--------|--|
| <b>Current Medical Teaching and learning: Brainstorming</b>          |  |                   |        |  |
| 1.   | Deficiencies in current urology training                   | Dr Rahul Gupta    | 20 min | Dr Aneesh Srivastava, Dr Rohit Joshi, Dr Nilesh Jain, Dr Aaryan Anand, Dr Puneeth Medapati, Dr Nalin   |
| 2.   | Urology Residency Program – Need to Revamp?                | Dr Sameer Trivedi | 20 min | Dr C Mallikarjun, Dr Uttam Mete, Dr TP Rajeev, Dr Aviral, Dr Shritosh K Das, Dr Prashasya Goyal        |
| <b>Teacher's appraisal and Research Collaboration: Brainstorming</b> |  |                   |        |  |
| 3.   | Teacher's Performance appraisal – Need and feasibility?    | Dr Hemant Goel    | 20 min | Dr Amllesh Seth, Nachiket Vyas, Dr Pawan Vasudeva, Dr Syed Sajjad Nazir, Dr Ankur Mittal, Dr AS Sandhu |
| 4.   | Strengthening collaborative research work among institutes | Dr Vikas Panwar   | 15 min |  |

**1715-1800: Student and Young Urologist's forum (45 min) / YOU session**Convener – **Dr Yashaswi Singh / Dr Siddarth Yadav****Raise a Spark**

|    | Talk / Debate / Panel Discussion   | Presenter            | Time    | Chairpersons   |
|----|--|----------------------|---------|--|
| 1. | Why conferences are important during residency?                                  | Dr Sumit Gahlawat    | 7+2 min | Dr PN Dogra, Dr PB Singh, Dr Rajeev Sood, Dr Neeraj Agarwal (Jaipur), Dr Aditya Sengar |
| 2. | Conference Overexposure: How to choose which to attend in residency              | Dr Keshav Agarwal    | 7+2 min |  |
| 3. | Thesis & Research during residency: Avoidable Obligation or Absolute requirement | Dr Rahul Jena        | 7+2 min |  |
| 4. | Post-MCh fellowship: Glory or compulsion?  | Dr Prashant Gupta    | 7+2 min |  |
| 5. | Which fellowship should I prefer -Technology driven or subspecialty oriented?    | Dr Karandeep Guleria | 7+2 min |  |

**1815 Onwards: General Body Meeting****2000 Onwards: Dinner**

**Day 2, 30th Nov  
Hall B**

**0700-0800: PG quiz**

Convener – **Dr ShivCharan Navriya**

**0800-0900: Moderated Podium Presentation 6 (60 min): 7+3 min each**

**Organ Transplant / Others**

|    | <b>Title</b>  | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>   |
|----|---|---------------------|-------------|---|
| 1. | Ex Vivo treatment of stones after living donor nephrectomy A tertiary care centre experience  | Dr Swapnil Kushwaha | 7+3 min     | Dr Amit Agarwal, Dr Arvind Tiwari, Dr Vipin Tyagi, Dr Rahul Janak Sinha, Dr Rajeev R Sarpal |
| 2. | Implementation of ERAS in Kidney Transplantation - A Comprehensive Approach   | Dr Deepak Taneja    | 7+3 min     |   |
| 3. | Challenges in laparoscopic donor nephrectomy with multiple renal arteries Our experience at a high-volume transplant centre                           | Dr Ravi Rai         | 7+3 min     |   |
| 4. | Comparison of Circular Stapler Versus Conventional Circumcision Techniques in Adult Indian Males: A Prospective Randomized Clinical Trial             | Dr Narayan Shubham  | 7+3 min     |   |
| 5. | Comparison of Fesoterodine with Tamsulosin in management of stent related symptoms  | Dr Akil Latief      | 7+3 min     |   |
| 6. | Impact of Renal Vein Placement Relative to the External Iliac Artery on Outcomes in Renal Transplant Recipients: A Retrospective Comparative Analysis | Dr Sachin Pandey    | 7+3 min     |   |

**0900-1000: Moderated Podium Presentation 7(60 min): 7+3 min each**

**Others**

|    | <b>Title</b>   | <b>Presenter</b>            | <b>Time</b> | <b>Chairpersons</b>  |
|----|--|-----------------------------|-------------|--|
| 1. | To assess role of Urologists in management of urological injuries during obstetrics and gynaecological procedures.   | Dr Ashish Chaubey           | 7+3 min     | Dr Rajendra Singh Sinam, Dr Manu Gupta, Dr Sanjay Goyal, Dr Dig Vijay Singh, Dr Prateek Vyas |
| 2. | Effect of preoperative parameters (like serum calcium and lipid profile) and histopathology of artery & vein on upper Limb arteriovenous fistula outcomes. A Observational study | Dr Sajal Gupta              | 7+3 min     |  |
| 3. | The functional loss of the kidney post-superselective angioembolization for pseudoaneurysm post percutaneous nephrolithotomy   | Dr Puneeth Medapati         | 7+3 min     |  |
| 4. | A Questionnaire based analysis of Surgeons and Assistants comparison of DaVinci and HUGO RAS Robotic System  | Dr Mrinal Pahwa             | 7+3 min     |  |
| 5. | Analysis of 179 cases of penile fracture over 9 years  | Dr Devendrakumar S Malaviya | 7+3 min     |  |
| 6. | Retrospective Analysis Of Idiopathic Retroperitoneal Fibrosis Cases Urological Perspective From A Tertiary Care Centre In Northern India   | Dr Vaibhav Aggarwal         | 7+3 min     |  |

**1200-1400: Complications in Urology(120 min)**  
**Convener – Dr Ashwin Mallya / Dr Shiv Charan Navriya**

|    | <b>Talk / Debate / Panel Discussion</b>    | <b>Presenter</b>  | <b>Time</b> | <b>Chairpersons</b>  |
|----|--|---|-------------|--|
| 1. | Panel discussion: Endourology              | Dr Shiv Charan Navriya  | 30 min      | Dr NP Gupta, Dr Madhusudhan Agarwal, Dr Rajesh Ahlawat, Dr Lalit Shah, Dr Anil Elhence |
| 2. | Panel Discussion: Laparoscopy and Robotics | Dr Ashwin Mallya  | 30 min      |  |
| 3. | Invited presentations                      | Dr Rahul Gupta, Dr Gyvi Gaurav, Dr Mukesh Arya, Dr Tanuj Paul Bhatia, Dr Ashish Khanna, Dr Sarbartha Kumar Pratihar, Dr Aquib Patel | 5+3min each | Dr Vineet Narang, Dr SP Yadav, Dr Anurag Yadav, Dr Sanjay Kumar, Dr Ishwar Ram Dhayal  |

**1500-1600: ISU Educational Course (Female urethral surgery)(60 min)**

Convener – **Dr Arun Chawla**

|    | <b>Talk / Debate / Panel Discussion</b> | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>   |
|----|---|---------------------|-------------|---|
| 1. | Female urethral loss                    | Dr Swarnendu Mandal | 10+5 min    | Dr Mahakshit Bhat, Dr Sunil R Mittal, Dr MK Chhabra, Dr Anil Jain, Dr Siddarth Jain |
| 2. | Urethrovaginal fistula                  | Dr HS Bhatyal       | 10+5 min    |   |
| 3. | Urethrolisis                            | Dr Pawan Vasudeva   | 10+5 min    |   |
| 4. | VVF vaginal repair                      | Dr Hemant Goel      | 10+5 min    |   |

**1600-1700: Practitioner's Forum (60 min)**

Convener – **Dr Lokesh Jindal /Dr Devanshu Bansal**

|    | <b>Talk / Debate / Panel Discussion</b>                                   | <b>Presenter</b>   | <b>Time</b> | <b>Chairpersons</b>   |
|----|---|--------------------|-------------|---|
| 1. | Panel Discussion – Bhartiya NyaySanhita(changes and impact on Urologists) | Dr Lokesh Jindal   | 25 min      | Panelists: Dr Gaurav Agarwal (Medicolegal expert, non-urologist), Mr Shashank (lawyer), Dr Ashok Sharma, Dr Lalit Shah, Dr Barinder Pal Singh |
| 2. | Digital marketing for the young urologist                                 | Dr Devanshu Bansal | 8+2 min     | Dr Amit Bansal,DrRaman Tanwar, DrAKSanwal, Dr Gautam Banga, DrAditya Sharma (Lucknow)   |
| 3. | Health insurance and the Urologist (how to improve)                       | Dr Sanjay Mittal   | 25 min      | Panelists: Dr Kamaljeet Singh, Dr Devendra Sharma, Dr Vipin Tyagi, Mr Om Prakash (Star Health), Mr Prem Patwa (Care Insurance)                |

**1700-1800: Urofinance1 Session (60 min)**

Convener – **Dr Anish Gupta**

|   | <b>Talk / Debate / Panel Discussion</b> | <b>Presenter</b> | <b>Time</b> | <b>Panelists</b>  |
|---|---|------------------|-------------|---|
| Art of Investing - Beyond myths and Beliefs |   |                  |             |   |
| 1.  | Panel Discussion                        | Dr Anish Gupta   | 60 min      | Dr Arun Anthony, Dr Anurag Singla, Dr Pratipal Singh, Dr Ashish Rawande Patil, Dr Sailesh Chandra Sahay, Dr Kinjal Banerjee |

**Day 2, 30th Nov  
Hall C**

**0800-0900: Moderated Poster Presentation 2(60 min) – 3+2 min each**

|     | <b>Title</b>   | <b>Presenter</b>               | <b>Time</b> | <b>Chairpersons</b>  |
|-----|--|--------------------------------|-------------|--|
| 1.  | Pseudoepitheliomatous Hyperplasia of the Penis<br>A Case Report Highlighting Diagnostic Challenges and Surgical Management in a Diabetic Patient with Lower Urinary Tract Symptoms | Dr Avin Singhal                | 3+2 min     | Dr Lokesh Sharma, Dr Prashant Gupta, Dr Syed Javid Farooq Qadri, Dr Avijit (Kanpur), Dr Rajib Lochan Nayak |
| 2.  | Spleno-gonadal Fusion Mimicking Testicular Malignancy Navigating the diagnostic challenges and implications for surgical decision-making   | Dr Nipun Singla                | 3+2 min     |  |
| 3.  | A case of clear cell renal cell carcinoma with tumor thrombus in IVC extending upto right atrium   | Dr Abhishek Kumar Gupta        | 3+2 min     |  |
| 4.  | An unusual presentation of squamous cell carcinoma in nonfunctional moiety of horse shoe kidney associated with giant hydronephrosis.  | Dr Parth Shah                  | 3+2 min     |  |
| 5.  | Primary Ewings Sarcoma with Massive IVC Thrombus of Kidney A Unique Entity   | Dr AquibJavedMubarak Ali Patel | 3+2 min     |  |
| 6.  | Uncommon Paratesticular Spindle Cell Tumor A Case Report and Diagnostic Challenge  | Dr Jitendra Singh Rathor       | 3+2 min     |  |
| 7.  | Unusual presentation of a rare testicular and scrotal mass   | Dr Gaurav Vashist              | 3+2 min     |  |
| 8.  | Unexpected Destination Bladder Metastasis from Clear Cell Renal Cell Carcinoma   | Dr Shreyash Garg               | 3+2 min     |  |
| 9.  | Robot-Assisted Partial Cystectomy for Urachal Masses A Combined Novel Robotic and Endourological Approach  | Dr Umar Khan                   | 3+2 min     |  |
| 10. | A Case Report on a Rare Case of primary Renal Synovial Carcinoma with IVC Thrombus in a Young Adult  | Dr Rajnish Kumar               | 3+2 min     |  |
| 11. | Renal cell carcinoma in nephrectomy specimen for non-functional kidney with renal stone: An eye opener   | Dr Kawaljit Singh Kaura        | 3+2 min     |  |
| 12. | Priapism Unveils a Haematological Malignancy A Rare case scenario.   | Dr Rajnish Kumar               | 3+2 min     |  |

**0900-1000: Moderated Video Presentation 2(60 min): 7+3 min each**

|    | <b>Title</b>  | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|---------------------|-------------|--|
| 1. | Robotic Intracorporeal Ileal Neobladder - Our modifications of the Karolinska Institute Technique       | Dr Aravind TK       | 7+3 min     | Dr Tanvir Iqbal Dar, Dr Amit Shah, Dr Manoj Kumar, Dr Barinder Pal Singh, Dr Sunil Gokhroo |
| 2. | Supine Approach for RA-RPLND for Post Chemotherapy Residual Mass in Testicular Cancer Video             | Dr Mujahid Ali      | 7+3 min     |  |
| 3. | Laparoscopic Partial Nephrectomy for Fraternal tumours A Video Demonstration.                           | Dr Kirti Singh      | 7+3 min     |  |
| 4. | Laparoscopic Partial Nephrectomy for Completely Endophytic Renal Tumor in a Resource limited setting    | Dr Girish Sharma    | 7+3 min     |  |
| 5. | Robotic-VEIL lateral approach with bilateral pelvic lymph node dissection                               | Dr Naresh Kaul      | 7+3 min     |  |
| 6. | Robot assisted partial nephrectomy for multiple renal tumors in a VHL patient – precision in complexity | Dr Swapnil Kushwaha | 7+3 min     |  |

**1200-1300: Moderated Poster Presentation 3(60 min) – 3+2 min each**

|     | <b>Title</b>  | <b>Presenter</b>           | <b>Time</b> | <b>Chairpersons</b>  |
|-----|---|----------------------------|-------------|--|
| 1.  | A rare case of renal allograft pelvic fibrosis salvaged by ureterocalycostomy using native ureter   | Dr Ravi Rai                | 3+2 min     | Dr Puneet Agarwal, Dr Harender Gupta, Dr Rohit Kathpalia, Dr Atul Khullar, Dr Manish Gupta |
| 2.  | On bench Incidentally detected renal mass in allograft an unwelcome surprise  | Dr Gajendra Singh          | 3+2 min     |  |
| 3.  | An unusual cause of post renal transplant surgical site hemorrhage leading to graft loss  | Dr Abhishek Kumar Shukla   | 3+2 min     |  |
| 4.  | Inferior polar nephrectomy and vesico-calycostomy for total ureteric stricture after antibody mediated rejection in ABO incompatible living donor kidney transplant | Dr Bharath Kumar Nagarajan | 3+2 min     |  |
| 5.  | Orthotopic renal transplant in a patient with stenotic infrarenal vessels   | Dr Devi Chauhan            | 3+2 min     |  |
| 6.  | Orthotopic renal transplant, a possible alternative in stenotic infrarenal vessels  | Dr Sumit Bhaskar           | 3+2 min     |  |
| 7.  | Live Donor Renal Transplant with Tumour in Donor Kidney - A single centre experience  | Dr Tushar Aggarwal         | 3+2 min     |  |
| 8.  | Balanitis Xerotica Obliterans with stricture urethra a series of 72 cases   | Dr Pradyot Shahi           | 3+2 min     |  |
| 9.  | True diphallia A report of three cases  | Dr Kamal Bansal            | 3+2 min     |  |
| 10. | Complex urogenital reconstruction in an unusual case of post-traumatic transverse vaginal septum presenting with urinary incontinence                               | Dr Pirzada Faisal Masood   | 3+2 min     |  |
| 11. | To compare the impact of urethral transection during bulbar urethroplasty on erectile function outcome  | Dr Madan Gopal Bhardwaj    | 3+2 min     |  |
| 12. | Broken Retained ureteral stent needing all basic urological modalities at once  | Dr Akshay Rao              | 3+2 min     |  |

**1300-1400: Moderated Video Presentation 3(60 min): 7+3 min each**

|    | <b>Title</b>  | <b>Presenter</b>         | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|--------------------------|-------------|--|
| 1. | Single Stage Feminizing Genitoplasty An approach to management in a case of congenital adrenal hyperplasia with ambiguous genitalia                               | Dr Mujahid Ali           | 7+3 min     | Dr Mufti Mahmood, Dr AK Sanwal, Dr SC Karan, Dr Atul Mittal, Dr Ritesh Mehta |
| 2. | Unusual Journey of IUD from Uterus to Bladder   | Dr Rajath S Shetty       | 7+3 min     |  |
| 3. | 3D Laparoscopic repair of concomitant vagino-peritoneal, vesico-peritoneal and right uretero-peritoneal fistulas  | Dr Jitendra Singh Rathor | 7+3 min     |  |
| 4. | Robotic Repair of Vesicouterine Fistula Integrating Advanced Techniques for Optimal Outcomes  | Dr Sahil Sachdeva        | 7+3 min     |  |
| 5. | Technical insight on Robot-Assisted Boari Flap Ureteral Reimplantation (RA-BFUR) for long segment ureteric Stricture Reconstruction simulating the Open Technique | Dr Rajnish Kumar         | 7+3 min     |  |
| 6. | 3 D Laparoscopic Immediate successful repair of proximal ureteral avulsion following ureteroscopy   | Dr Shiv Charan Navriya   | 7+3 min     |  |

**1500-1600: Reconstructive Urology Session (60 min)**Convener – **Dr Gautam Banga****The Phallic Remedies**

|    | <b>Title</b>  | <b>Presenter</b>     | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|----------------------|-------------|--|
| 1. | Peyronie's correction                                 | Dr Vineet Malhotra   | 8+2 min     | Dr Salil Tandon, Dr Arvind Goyal(Ludhiana), Dr Rajeev Sood, Dr Ajay Anand, Dr GG Singhal |
| 2. | Penile Augmentation                                   | Dr Vikram Shah Batra | 8+2 min     |  |
| 3. | Adult hypospadias: Problem and solution               | Dr Avreen Singh Shah | 8+2 min     |  |
| 4. | Buried Penis  | Dr Gautam Banga      | 8+2 min     |  |
| 5. | Circumcision Techniques: advantages and disadvantages | Dr Akshay Batta      | 8+2 min     |  |
| 6. | Open House  |                      | 10 min      |  |

**1600-1700: Moderated Poster Presentation 4(60 min) – 3+2 min each**

|     | <b>Title</b>   | <b>Presenter</b>           | <b>Time</b> | <b>Chairpersons</b>   |
|-----|--|----------------------------|-------------|---|
| 1.  | A rare case report of Caudal Regression Syndrome without Maternal Diabetes   | Dr Soumya Shree            | 3+2 min     | Dr Ujjawal Kumar, Dr Ramesh Sethia, Dr Harbans Singh, Dr Atul Goswami, Dr Neeraj Agarwal (Bareilly) |
| 2.  | Robot-Assisted Bladder Diverticulectomy with Simultaneous Management of Bladder Outlet Obstruction                                 | Dr Umar Khan               | 3+2 min     |   |
| 3.  | Disease Characteristics, Treatments And Complications Of Vesicovaginal Fistulas In The Developing World - A Retrospective Analysis | Dr Vaibhav Aggarwal        | 3+2 min     |   |
| 4.  | Single stage scrotal flap penile skin reconstruction in patients with penile skin gangrene   | Dr Abhishek Pandey         | 3+2 min     |   |
| 5.  | Cross Stenting: A never reported complication of PCNL  | Dr Shailesh Chandra Sahay  | 3+2 min     |   |
| 6.  | Silicone double j stent presenting with encrustation and stones at 10 months-a case report   | Dr Praveen Kumar Verma     | 3+2 min     |   |
| 7.  | A case of recurrent asymptomatic emphysematous pyelitis  | Dr Saurabh Parab           | 3+2 min     |   |
| 8.  | A Rare Case Report on Meningitis Retention Syndrome- An obscured clinical condition  | Dr Sajal Gupta             | 3+2 min     |   |
| 9.  | A rare case of caudal duplication syndrome   | Dr Saurabh Garg            | 3+2 min     |   |
| 10. | Acquired Hypospadias in females: An unusual presentation of obstetric Injury   | Kunal Malhotra             | 3+2 min     |   |
| 11. | Traumatic urethrovaginal fistula – Foreplay gone wrong   | Dr Siddharth Shankar Verma | 3+2 min     |   |
| 12. | Giant Hydroureteronephrosis in a Young Female A Case Report of Left Nephroureterectomy   | Dr Narayan Shubham         | 3+2 min     |   |

**1700-1800: Moderated Video Presentation 4 (Reconstructive Urology)(60 min): 7+3 min each**

|    | <b>Title</b>  | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>   |
|----|---|---------------------|-------------|---|
| 1. | Laparoscopic mitrofanoffappendico-vesicostomy - a minimally invasive option for urinary continence  | Dr Mithilesh Yadav  | 7+3 min     | Dr Pawan Kesarwani, Dr Anil Kayastha, Dr Sunil Gupta, Dr Poonam Gulati, Dr JP Swami |
| 2. | Robotic Anderson-Hynes Dismembered Pyeloplasty in Right Sided Pelvic Ectopic Kidney   | Dr Umar Khan        | 7+3 min     |   |
| 3. | Robot Assisted Laparoscopic Totally Intracorporeal Ileal Ureter for long segment Ureteric stricture - Technique Description, Initial Experience and our Modifications | Dr Aravind TK       | 7+3 min     |   |
| 4. | Surgical Technique OfGlansectomy With Split-Thickness Skin Graft Reconstruction For Localized Penile Cancer   | Dr Vaibhav Aggarwal | 7+3 min     |   |
| 5. | Post ileal conduit Parastomal Hernia Repair video presentation  | Dr Mukesh Arya      | 7+3 min     |   |
| 6. | Robotic Assisted Trans-Vesicoscopic Ureteric Reimplantation in Children Analysis of Technical Feasibility & Ergonomics Related To Musculoskeletal issues              | Dr Aaryan Anand     | 7+3 min     |   |

**Day 2, 30th Nov  
Hall D**

**0900-1000: Moderated Podium Presentation 8(60 min): 7+3 min each**

**Pediatric Urology**

|    | <b>Title</b>  | <b>Presenter</b>       | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|------------------------|-------------|--|
| 1. | Exstrophy - Epispadias Complex - Our experience   | Dr Mukesh Chandra Arya | 7+3 min     | Dr AmilalBhat,Dr Prashant Mulawkar,Dr Siddarth Jain,Dr AL Vyas, Dr Avreen Singh Shah |
| 2. | Outcomes and Considerations in Pediatric Urolithiasis - A Retrospective Study   | Dr Jaideep Singh Soni  | 7+3 min     |  |
| 3. | Distal renal tubular acidosis in posterior urethral valve A prospective study on impact of alkali therapy on bone Z-score | Dr Gajendra Singh      | 7+3 min     |  |
| 4. | A series of disorder of sexual development patients: Our experience   | Dr Somit Kumar         | 7+3 min     |  |
| 5. | Outcome analysis of tunica vaginalis flap along with dartos vs dartos alone in primary hypospadias repair                 | Dr Akash Sharma        | 7+3 min     |  |
| 6. | Pediatric urinary retention: A rare presentation and novel management   | Dr Kripesh Chaubey     | 7+3 min     |  |

**1000-1100: Moderated Podium Presentation 9(60 min): 7+3 min each**

**Reconstructive Urology**

|    | <b>Title</b>   | <b>Presenter</b>          | <b>Time</b> | <b>Chairpersons</b>  |
|----|--|---------------------------|-------------|--|
| 1. | Correlation of Surgical Complexity and Outcome with Preoperative Geometric parameters in Magnetic Resonance Urethrography in pelvic fracture urethral distraction defects A prospective cohort study | Dr Ishory Bhusal          | 7+3 min     | Dr Mukesh Chandra Arya, Dr Anurag Yadav, Dr Muneer Khan, Dr Vidur Bhalla, Dr Anirudh Kaushik |
| 2. | Management Strategies for Bulbar Urethral Ischemic Necrosis after Pelvic Fracture Urethral Injury Insights from a Case Series  | Dr Ojas Patel             | 7+3 min     |  |
| 3. | Use of gracilis flap to cover abdominal wall defect in adolescents and adults exstrophy repair   | Dr Akashdeep Singh        | 7+3 min     |  |
| 4. | Clinical spectrum, surgical management and outcomes of Genitourinary Tuberculosis: A tertiary care center experience   | Dr Panugothu Leela Madhav | 7+3 min     |  |
| 5. | Does tobacco exposure and preoperative oral health impact buccal mucosal graft histology and morbidity at the harvest site? A Prospective Observational Study  | Dr Swarnendu Mandal       | 7+3 min     |  |
| 6. | Comparison of the LSE System versus the Urethral Stricture Score in characterizing Anterior Urethral Stricture Disease.  | Dr Anil Kumar             | 7+3 min     |  |

**1200-1300: Moderated Podium Presentation 10(60 min): 7+3 min each****Stones**

|    | <b>Title</b>  | <b>Presenter</b>        | <b>Time</b> | <b>Chairpersons</b>   |
|----|---|-------------------------|-------------|---|
| 1. | Protocol-Based Management of Incidental Urinary Calculi in Patients Awaiting Living Donor Liver Transplantation                                   | Dr Deepak Taneja        | 7+3 min     | Dr Rohit Joshi, Dr Ashish Rawande Patil, Dr Puneet Agarwal, Dr Syed Javid Farooq Qadri, Dr Anurag Khaitan |
| 2. | Syed's core through centrifugal laser technique for large impacted upper ureteric calculi -A hospital based prospective study.                    | Dr Syed Sajjad Nazir    | 7+3 min     |   |
| 3. | A comparative study between mini-PCNL and RIRS for renal stones of 1-2cms   | Dr Saurabh Parab        | 7+3 min     |   |
| 4. | Comparison of extracorporeal shockwave lithotripsy and retrograde intrarenal surgery in the management of renal and proximal ureteric stones 2 cm | Dr Abhishek Kumar Gupta | 7+3 min     |   |
| 5. | Efficacy of Standard Percutaneous Nephrolithotomy for Large Kidney Stones A Retrospective Study from Western Rajasthan                            | Dr Jaideep Singh Soni   | 7+3 min     |   |
| 6. | The elementome of calcium-based and non-calcium-based urinary stones a cross-sectional analysis   | Dr Vaibhav Aggarwal     | 7+3 min     |   |

**1300-1400: Moderated Video Presentation 5(60 min): 7+3 min each****Lap/Robotic**

|    | <b>Title</b>   | <b>Presenter</b>    | <b>Time</b> | <b>Chairpersons</b>   |
|----|--|---------------------|-------------|---|
| 1. | Laparoscopic radical nephrectomy with IVC thrombectomy: A challenging case   | Dr Girish Sharma    | 7+3 min     | Dr Amit Goel, Dr Amit Shah, Dr Ankur Mittal, Dr Rajiv Yadav, Dr Anurag Singla |
| 2. | Robotic partial nephrectomy in completely endophytic tumor   | Dr Naresh Kaul      | 7+3 min     |   |
| 3. | Innovative multi-port trans-vesical robotic radical prostatectomy technique, challenges and oncological outcomes with the da Vinci Xi system | Dr Alok Dutta       | 7+3 min     |   |
| 4. | Bilateral simultaneous robot-assisted partial nephrectomy – Technique, feasibility and outcomes  | Dr Swapnil Kushwaha | 7+3 min     |   |
| 5. | Reverse Rocco for Retzius-Sparing Robotic Prostatectomy (SGPGI Rocco Modification for RSRARP -SRMR)  | Dr Sanjoy Sureka    | 7+3 min     |   |
| 6. | Robotic intracorporeal neobladder  | Dr Naresh Kaul      | 7+3 min     |   |

**1400-1500: Sponsored Luncheon Symposium(60 min) (Dr Reddy's Lab.....)**

Convener – Dr Atul Batra

**Immunotherapy in urological cancers**

|    | <b>Title</b>  | <b>Presenter</b> | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|------------------|-------------|--|
| 1. | Immunotherapy in metastatic renal cell cancer                       | Dr Kaushal Kalra | 10+5 min    | Dr .....   |
| 2. | Immunotherapy in urothelial cancer                                  | Dr Aparna Sharma | 10+5 min    | Dr Kaushal Kalra, Dr Aparna Sharma, Dr Brusabhanu Nayak, Dr Rishi Nayyar, Dr Ranjit Kumar Sahoo, Dr Mukesh Patekar, Dr Ramana Gogi |
| 3. | Case based discussion on management of metastatic renal cell cancer | Dr Atul Batra    | 30 min      |  |

**1500-1600: Masterclass and Hands-on workshop: Smart presentations with smart tools in the world of AI (60 min)**

Moderator: Dr Harshit Garg and Dr Apurva Gupta

**Hands-on session****Session 1: Smart tools for smart presentations****Session 2: Integration of AI tools for effective presentations (30 min)***Requirement: 10 computer systems in an enclosed area with internet connection*

**1600-1700: Moderated Video Presentation 6(60 min): 7+3 min each****Lap/Robotic**

|    | <b>Title</b>   | <b>Presenter</b>     | <b>Time</b> | <b>Chairpersons</b>  |
|----|--|----------------------|-------------|--|
| 1. | Robotic Right Donor Nephrectomy: Nouveau Arrival   | Dr Girish Sharma     | 7+3 min     | Dr Mahendra Singh, Dr Varun Mittal, Dr PP Singh, Dr Shashikant Mishra, Dr Mayank Mohan Agarwal |
| 2. | Foundations of vascular access – What I learnt as urology resident                           | Dr Ankit Aggarwal    | 7+3 min     |  |
| 3. | Robotic repair of renal arterio-venous malformation  | Dr Nikita Bharti     | 7+3 min     |  |
| 4. | Robotic Heminephrectomy (RHN) in a post UPJO non functional left Horseshoe kidney (HSK)      | Dr Manav Suryavanshi | 7+3 min     |  |
| 5. | Abdominal Paraganglioma- Laparoscopic Excision   | Dr Sonu Sharma       | 7+3 min     |  |
| 6. | Left Ileal Ureteric Reconstruction Through Minimally Invasive Approach: A Surgical Challenge | Dr Abhishek Mishra   | 7+3 min     |  |

**1700-1800: Moderated Video Presentation 7(60 min): 7+3 min each****Others**

|    | <b>Title</b>  | <b>Presenter</b>     | <b>Time</b> | <b>Chairpersons</b>  |
|----|---|----------------------|-------------|--|
| 1. | Scrotal dropback procedure as salvage urethroplasty   | Dr HS Bhatyal        | 7+3 min     | Dr PK Puri, Dr Vishwajeet Singh, Dr Sandeep Malik, Dr Anjani Kumar Agrawal, Dr AS Sandhu |
| 2. | A Large Para-renal Cyst Excision: Schwannoma Disguised as Hydatid Cyst                                      | Dr Suman Sahoo       | 7+3 min     |  |
| 3. | Art of starting laparoscopic surgery as urologist with minimal prior exposure                               | Dr Vaibhav Vishal    | 7+3 min     |  |
| 4. | Robot-assisted simple prostatectomy: modified technique and its outcomes                                    | Dr Swapnil Kushwaha  | 7+3 min     |  |
| 5. | Robotic Intracorporeal Ileal Conduit - Advances in Robotic instrumentation                                  | Dr Manav Suryavanshi | 7+3 min     |  |
| 6. | Minimally Invasive Approach to the Management of Multi-loculated Cystic Prostatic Mass Technical Challenges | Dr Yugant Gupta      | 7+3 min     |  |

**Day 2, 30th Nov****Hall E****1500-1800****ISU skills and simulation workshop**Convener – **Dr Arun Chawla**Coordinators – **Umesh Sharma/Rahul Gupta/Ashwin Mallya/Gopal Sharma**

1. LAP module – Dr Umesh Sharma/Rahul Gupta

2. RIRS/URS module – Dr Siddalingaswamy, Dr Parimal Gharia,

3. USG/TRUS Bx module (phantom) – Dr Rohit Kaushal, Ashwin Mallya

4. REZUM Simulator – Dr Rohit Dadhwal,

5. Urolift simulator – Dr Tanuj Paul Bhatia,

6. Robotic simulator – Dr Siddarth Yadav, Dr Gopal Sharma

**(Olympus – RIRS, Lap; GE/BK – ultrasound; Teleflex – urolift; Boston – rezum; Intuitive/Mantra – robotic)****Day 2, 30th Nov****Hall F****0900-1800:****Moderated e-posters and Unmoderated e-posters/videos on display**
